

PURNA CHANDRA RAO CHIMATA

- Chennai • +91 8919500899 • purnachandraraochimata@gmail.com
- linkedin.com/in/purnachandraraochimata • github.com/Purnachandraraochimata

Professional Summary

Motivated and enthusiastic Computer Science and Engineering graduate with expertise in Python, SQL, HTML, CSS, and AI-assisted web development. Skilled in software development, problem-solving, and building efficient web applications. Strong analytical and technical abilities with a commitment to continuous learning and innovation. Eager to contribute to impactful technology-driven projects while growing professionally in a dynamic organization.

Education

Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology Bachelor of Technology in Computer Science and Engineering CGPA: 8.04/10	2022–2026
Narayana Junior College, Andhra Pradesh Intermediate (MPC) - 85.4%	2020–2022
Akshaya Vidyalayam, Andhra Pradesh SSC - 95.83%	2019–2020

Technical Skills

- **Programming Languages:** Python, SQL
- **Web Technologies:** HTML, CSS
- **Concepts:** OOPs, Machine Learning, Artificial Intelligence
- **Version Control:** Git, GitHub
- **Tools:** VS Code, Google Colab
- **Cloud & Networking:** AWS Cloud Foundations, CCNA Fundamentals
- **Soft Skills:** Communication, Problem Solving, Teamwork

Projects

MEDISEC ML: Secure Stream Cipher Framework for Medical Imaging Using Machine Learning
GitHub Repository: github.com/Purnachandraraochimata/medisecml

- Developed a secure medical image encryption framework using machine learning techniques.
- Implemented image encryption and decryption mechanisms to enhance data security.
- Evaluated system performance using PSNR, SSIM, Entropy, and NPCR metrics.

IoT Based Fertilizer System for Smart Agriculture

- Developed an IoT-based system to monitor soil moisture, pH, and nutrient levels.
- Automated fertilizer recommendations to improve agricultural efficiency.
- Performed system testing and debugging to ensure reliability.

AI-Based Healthcare Transportation Management System

- Developed an AI-powered transport management system for healthcare services.
- Applied machine learning techniques for route optimization and predictive analysis.
- Improved emergency response efficiency through intelligent transportation planning.

Certifications

- AWS Academy Cloud Foundations
- CCNA Fundamentals
- Generative AI for Beginners
- Data Analytics Certification
- Design Drones for Smart Applications
